

HAIR

Ballet and Jazz – High ballet bun

(Ballet and jazz performers also in tumbling will keep the bun in their hair to tumble)

Tumbling – Double french braid

Begin with damp hair and add product as needed to eliminate loose or fly away hair. Smooth away bangs *on youth and teen participants*. Wrap a hair net, as many times as needed to be tight, around the ballet bun. YouTube provides *many* videos on how to style a high ballet bun and French braid. Practicing before the day of the show will guarantee you've got the products (bobby pins, gel, hairspray, hair net, etc) and method you need according to your dancer.
